

How to Remove Expired Roles

Login to your platform

Navigate to the Members Management Dashboard and open the members tab.

Once there you will see the list of platform users. Click on the info button beside the User you want to remove the roles from.

Here you will see a list of the users roles. Hovering over the calendar with the clock will show you the expiration date. Uncheck any expired roles.

The screenshot displays the user profile for 'Eng2 Eng2 - ENG2USER' with the following roles and their settings:
