How to Update 3DEXPERIENCE SOLIDWORKS

You have received this message asking you to update but when you click update you get sent to the browser and don't know where to go from there.

3DE	XPERIENCE Update
Ci	An update is available. Update now or continue on current version?
	Installed version 3DEXPERIENCE R2023x HotFix 0.7
	Available version 3DEXPERIENCE R2023x HotFix 1
0	Prompt only when an update is required Get Update Skip
lf yo Ope icor	ou choose Get Update, a web page will open : en the Compass, then expand the App context menu and click the download n to run the update.

Go to the compass to launch SOLIDWORKS like you normally would but rather than clicking on the app icon click the arrow beside it. You will see the current hotfix version of solidworks you are using and orange arrow wheel. Click on that wheel.
